

# RAJ TENT CLUB

*Established in 1997, Raj Tent Club offers an extensive range of decorative tents and canopies, all made by hand in Rajasthan, India. Our tents are made from waterproofed cotton canvas and are lined with our exclusive range of linings which is extremely varied and is probably the largest in the industry.*

*This, together with our substantial range of furniture, lighting and accessories, allows us to offer a myriad of styling choices: from plain chic simplicity, to all out Bollywood and everything else in between. Our tents are perfect in an English country garden.*

*The craftsman and women we employ use the traditional skills of block printing, embroidery, tassel making and mirror work which give a gentle opulence to the finished product.*

*Ranging in size from 3m x 3m to 36m x 10m, our installations can cater for events ranging from the intimate dinner party to large weddings, corporate events and private celebrations with up to 360 dining guests.*
